

## From the Managing Director.....

This month has seen a lot of development for CEO and improvement in the levels of service we are able to offer to you, our clients.

We have unveiled a brand new Internet Service which has been rolled out to our clients at Normanby Chambers, Brisbane, Brighton and HWT. We thank you very much for your patience during this time. Our other centres should be receiving the benefits of the new system by the end of May.

We also have four new locations set to open over the next few months. Three are in the Gold Coast / Brisbane areas and we have taken 1000sqm across one full floor of an established office building in the heart of Makati, Manila's prestigious CBD district. We will manage approximately 40 serviced offices in this overseas complex.

Yes CEO is going international!

Opening in Manila will be a great challenge and we are planning for the centre to be completely operated by our Australian staff under the CEO management format.

I would like to take this opportunity to say a very BIG "Happy Birthday" to our dear friend & colleague Tom who celebrated his 80th birthday earlier this month.

Kind regards,

*Jenny Folley*

CEO Client Profile

## AUS e. PSYCH Assure Programs

Mention that you are a Psychologist at a party and you get one of two responses. First, some will ask for a diagnosis of their current ailment, or that of their aunt Dorothy. Or second, they run a mile and you don't see them for the rest of the night!

Fortunately in our business the role of the Psychologist has become well accepted. We provide confidential and impartial counseling and referral services to the staff and immediate family members of our client organisations. These go under the name Employee Assistance Programs (EAP's).

Interestingly, as distinct from the experience of our colleagues in the community at large, as many men utilise this service as do women. We believe that, when well promoted, this service is trusted and valued. People are entitled to come for any personal or work related issue, the rationale being that it doesn't matter what the problem, it will probably be impacting on your work. So, get good help and get it early.

Our team comprises:

Peter Veenhuizen – Managing Director

Michael Jensen – Organisational Development & Dispute Resolution

Emma Campbell – Psychologist

Tom Evans – Psychologist

Camille Baker – Psychologist

We also utilise many trusted Psychologists in the community.

Thank you to CEO for providing a welcoming and professional environment for our clients to come to, and for working in so well with our own staff in order to enhance our service.

# CEO NEWS & MOVES

## HUGE SAVINGS WITH CEO & THE LANGHAM HOTEL

We are very pleased to announce that CEO has negotiated some FANTASTIC discounts for you to take advantage of when staying at the Langham Hotel on Southbank.

For example: choose to stay in the Deluxe Corner Suite and pay only \$325.00 per night which is a saving of \$315.00 from the normal published rates.

These rates are available to CEO clients only, take advantage of them regardless of whether you are traveling for business or pleasure.

Simply let the Langham Reservations Team know you are a CEO client when making your booking and they will take care of the rest. **Telephone : +61 (0)3 8696 8888**

Corporate rates are not available during major events in Melbourne - Please ask the Reservations Team for more details.

## CEO STAFF PROFILE

### Tom Loria

Need A Hand Services (Jack of All Trades)

Some of you may recognize this handsome young man from your centres. Tom has been a member of the CEO family from almost the very beginning—he fondly remembers the old days when CEO took it's very first breath in the form of our Brighton Centre on Bay Street. Earlier this month CEO threw Tom his 2nd surprise 80th Birthday Party at HWT - not a bad effort for someone you will still see moving furniture, knocking down walls and changing light bulbs on a ladder! We think the secret to his health and vitality is all the chocolate biscuits he eats! From all the CEO Team we wish you another 80 years like the last, and that the Saints have a cracker of a year!

We're on the Web!
